

**sustainable communities ::**

## **Think + Build + Eat + Live GREEN in your high performance home**

**when & where:**

August 6, 2009 6-9pm

2301 S. 5th St. [ The South 5th ]

**organizers:**

eco series, acero construction, & austin green art

**featuring:**

your local green community – our event sponsors

**Think :: art intersects life.** art alliance austin is bringing artists and their pieces to the south 5th to inspire and engage the community in the participation of visual art. Featuring works by ARTICULTURE exhibited in TOGS I [temporary outdoor gallery space] and permanent graffiti piece by NATHAN NORDSTROM (aka Sloke)

**Build :: high performance homes.** acero construction is the developer of the south 5th, a projected 5-stargreen and LEED gold certified building. Come meet the team of partners\*, designers, tradesman, suppliers and consultants to learn about the green features and technical aspects that will contribute towards the building's projected certification. [\*austin spray foam and coatings; BASF; ecohome energy solutions; EN incorporated; factory builder stores; integrated wall systems; lighthouse solar; texas sun and shade; ultracraft cabinets]

**Eat :: eat and drink local.** “eating local”, “organic ingredients”, “sustainable agriculture”, “green drinks” are not just “buzz” words but a revitalized approach towards eating/drinking fresh and nurturing the community. Featuring discussion, cooking demo, tasty treats and drinks from dishalicious, green pastures, tipsy texan and urban roots.

**Live :: eco-conscious, efficient and sustainable lifestyle.** return to a simple, and balanced lifestyle by bringing nature into an urban home. Join austin green art and resolution gardens to explore hands-on gardening options and steps towards composting in an urban setting.
